E Safety

As a school we remain committed to safeguarding our pupils and to make you aware of new developments around social media. On this occasion, I am writing to advise you of a new 'App' which we have been made aware of called, 'Monkey'.

In essence it's being described as app that enables you to have Face-time with random strangers.

- Once you register for the Monkey App, you verify your phone number, age, Snapchat name and whether you are male or female – it then asks you to allow access to your contacts
- Once this is done, 'Monkey' will try to connect you with people from across the world of a similar age.
- Once connected both users have to 'add time' to continue with the Face-time, otherwise the chat will disconnect.
- When Face-time has been enabled there's an option on-screen to add the person as a friend on Snapchat.
- It's rated as being suitable for over 12's.

Please can you continue to monitor your daughter/son's internet and social media usage.

Thank you.
