Would you like to see how we teach maths to your child?

We are delighted to be offering the chance for you to come and join your child for a maths lesson. Each **year group** has a time slot this term when one adult can sit with their child and see how they learn. Please note that we only have the space for **one adult** per child. If you would like to come along on the date set for your child's year group, please turn up on the morning. These sessions will replace the class assemblies for this term. We will have our usual sharing assemblies on Friday afternoons at 2.30 p.m.
